Att: Contracting Officer

Re: TE 2191

Dear Sir:

Confirming our telephone conversation with your office on April 13, 1959, we agree to accept a fixed fee of [REDACTED] on this contract for the period ending June 30, 1959. This fee is computed as follows:

	Estimated Costs	Fixed Fee	Total
Construction and Guard Service	[REDACTED]	[REDACTED]	[REDACTED]
All Other Costs	[REDACTED]	[REDACTED]	[REDACTED]

*Amend no 3  
TE-2191*

We trust that you will process an amendment to the contract incorporating the above amounts.

Since our final overhead rates for the calendar year 1957 have been established by the Boston office of the Auditor General of the Department of the Air Force, we request your approval of the following rates:

Labor Burden  
General and Administrative  
Expense

On our Voucher #32, submitted in January of 1959, we applied the above rates to our 1957 costs and gave you a credit of [REDACTED]

Informal discussions with the local Air Force audit personnel indicate that, due to their work load, it may be from one to two months before our final 1958 rates can be determined. In view of this fact, we request that the provisional rates of [REDACTED] Labor Burden and [REDACTED] G & A be continued through June 30, 1959.

Very truly yours,

c.c. [REDACTED] LV
